F.3 SHORT WRITING PRACTICE 1
PROMOTING A HOBBY

Name: _____ Class: _____ Class No. _____

Task

You are the promotion secretary of the Recreational Club in the school. As this is the school's HOBBY WEEK, you have to write an article to the school magazine to promote a hobby. You may choose whatever hobby you like to promote. Write 150 words.

Tips:

Step 1: Think of a hobby that is good to all students.

Step 2: Read the following article for your reference.

Comics can be a positive influence

Reading comics is very useful for students. They can learn writing and drawing skills from these publications.

Also, comics offer a good way to relax after a hard day's work.

But there are good and bad comics.

Comics, such as *IQ Doctor* and *Yi Xiu*, provide useful knowledge and help readers maintain a positive attitude towards life.

Many parents have a negative view about comics and don't encourage their children to read them.

I agree that students should not read comics all the time and neglect their school work.

They should manage their time properly so that reading comics won't affect their exam results.

Step 3: Talk about the advantages of the hobby.

Step 4: Add some personal experience if you have any.

Step 5: Encourage students to develop this hobby.
